

On Our Sympathy with the Under Dog

First under up and then again down under,
We watch a circus of revolving dogs
No senator dares in to kick asunder,
Lest both should bite him in the toga-togs.

Стихотворение

Стихи игриво совершают путь
по заданному им манеру,
блюдут рифмовку, ритм и меру,
неотвратимо донося их суть.

In A Poem

The sentencing goes blithely on its way
And takes the playfully objected rhyme
As surely as it takes the stroke and time
In having its undeviable say.
