

She caught the pieces end to end
And, with a touch that never missed,
Not so much tied as made them blend.
Man's ingenuity was good.
He saw it plainly where he stood,
Yet found it easy to resist.

He knew another place, a wood,
And in it, tall as trees, were cliffs;
And if he stood on one of these,
'Twould be among the tops of trees,
Their upper branches round him wreathing,
Their breathing mingled with his breathing.
If...if he stood! Enough of ifs!
He knew a path that wanted walking;
He knew a spring that wanted drinking;
A thought that wanted further thinking;
A love that wanted re-renewing.
Nor was this just a way of talking
To save him the expense of doing.
With him it boded action, deed.

The factory was very fine;
He wished it all the modern speed.
Yet, after all, 'twas not divine,
That is to say, 'twas not a church.
He never would assume that he'd
Be any institution's need.
But he said then and still would say,
If there should ever come a day
When industry seemed like to die
Because he left it in the lurch,
Or even merely seemed to pine
For want of his approval, why,
Come get him - they knew where to search.
